Expect to be impressed! This 1,150 sqft double wide mobile home offers a semi open layout perfect for entertaining. The spacious living room is filled with natural light from an abundance of light from loads of upgraded windows. Laminate flooring spans from the living room to dining room and into the kitchen. The updated kitchen provides tons of prep space for cooking. The main bathroom has been recently updated to include a soaker tub with beautiful tile surround and newer vanity. The master bedroom provides plenty of room for a large bedroom set, offers a huge closet and 3 piece en-suite bath. Two really well sized bedrooms complete the interior. The south facing fully fenced back yard holds a large deck and lots of room for evening get togethers around the fire pit. Notable upgrades include front deck, shingles in 2016, windows and flooring.
